

Family Camp Packing List

Below is a list of clothing and personal items that we recommend bringing to family camp. Feel free to adjust, taking in to account your family's preferences. Clearly mark all of your items with the first and last name of the participant. A sturdy trunk or large duffle bag works best for storing items in cabins. Families will need to pack their own bedding (twin size).

All equipment and materials for activities are provided for the weekend. Families are welcome to bring bikes and **helmets must be worn at all times**. Board games will also be available at check-in for family usage in cabins.
